Payment Options

Taking care of your body and enjoying life shouldn't create a financial burden. To help with paying for physical therapy, we have several options available.

<p>Insurance We accept most health insurance. We are able to estimate your out of pocket expense upon request.</p>	<p>Self-Pay We offer a lower rate for cash payments. Bundle pricing available. See below.</p>	<p>Health Savings Account (HSA) Flexible Spending Account (FSA)</p>	<p>Care Credit Flexible payment options. Ask our receptionist to help determine if Care Credit is a good fit for you.</p>

Self-Pay Pricing and What to Expect For Your Visit

Physical Therapy Initial Evaluation – \$140

- A comprehensive evaluation of your condition, including your movement, strength, coordination, and more.
- A custom treatment plan designed to achieve the best results in the shortest amount of time possible. The therapist will send your treatment plan to your physician and be available to your physician throughout your treatment. We will schedule all of your visits at your first appointment.
- Some treatment will be performed during the first visit to get you started on your road to recovery. However, during your next visit, you will get into the full swing of your treatment plan.

Regular Physical Therapy Visit – \$100

- Hands-on manual joint, tissue, and spine treatments as applicable.
- Guided coaching through stretches, exercises, and other methods to build your muscles and return your body to its proper alignment.
- Individualized monitoring of your progress and optimization of your treatment.
- Meticulously described exercises to take home and practice throughout the week.

Discounted Bundle Pricing for Self-Paying Patients

Bundled packages include a complimentary initial evaluation.

- 6 Visits - \$ 600
- 10 Visits - \$ 1000
- 16 Visits - \$1,600
- 20 Visits - \$2,000
- 24 Visits - \$2,400
